

## Le Mondial du Lion Equine Hall of Fame

### **Quimbo**

When seven years old Quimbo won Bronze at the Mondial du Lion in 2010, this was a time when FEI medals were still awarded at the event.

In 2013 he won the Lexington, Kentucky five star.

Few horses of the Caballo de Deporte Español (CDE) studbook have achieved top level eventing success but Andrew Nicholson, who produced Quimbo and rode him throughout his career, sourced several. He described Quimbo as « *A very, very smart horse and an unbelievable showjumper – that's what he was bred to be.* »

From the point of view of groom Annabel Gentili Quimbo was, perhaps, the ideal partner :

« *The perfect boyfriend ? Yes, sure ! Handsome, kind, willing, caring, elegant, talented ... Never disappointing, always ready... Nothing to add.* »

Quimbo retired to New Zealand in 2015 where he was ridden by his owner's family.
