

Le Mondial du Lion Equine Hall of Fame

FischerChipmunk Frh

Chipmunk Frh completed the Mondial du Lion in 2015 when seven years old finishing in a modest 29th position after a hiccup at a water jump during the cross country phase.

He won at Lexington, Kentucky in 2022 which was his first outing at five star and won the individual Gold medal at the 2024 Paris Olympic Games.

He was ridden at the Mondial du Lion by Julia Krajewski who competed with him until 2018. That year they completed at the last World Equestrian Games, held at Tryon, North Carolina.

After a change of owners in 2019 'Chip' has subsequently been the ride of Michael Jung completing the World Championships at Pratoni del Vivaro in 2019 and the Tokyo 2020 Olympic Games (held in 2021).

After more than his fair share of disappointments over a long career at both Olympic and World Championships FischerChipmunk duly earned the glory of an individual Gold medal at Versailles in 2024.

In 2025 he was victorious at the Lexington, Kentucky five star for the second time.
